The Director of the Community Services & Parks Department, or their designee, may ban an individual from the use of City parks and facilities, without appeal, for a period up to 72 hours by informing the individual, verbally or in writing, that they have failed to adhere to the General Park Rules and Regulations providing that the rule or regulation relates to the park or facility from which the person has been banned. The Director of the Community Services & Parks Department may ban an individual for a period not to exceed thirty days, from any City parks and facilities, providing that the violation of the rule or regulation relates to the park or facility from which the person has been banned. Individuals banned from park and facility use for a period more than three days shall be notified in writing within five days of the incident of the intent of the Division to ban the individual from park and facility use. The individual will have five days from the time of receipt of the notification to appeal the banning in writing stating why they should not be banned. The Director of the Community Services & Parks Department shall respond with a decision to appeal within five days. The decision of the Director of the Community Services & Parks Department shall be final.

Additionally, the Community Services & Parks Department will uphold all state, federal and local laws and ordinances with regard to public behavior. The General Park Rules and Regulations will be enforced by Glendale Park Rangers and the Glendale Police Department as necessary.
